

# TOMATO & VEGETABLE

8-8-8 Plant Food Triple Play

---

**BOUNTIFUL  
PLANTS & PRODUCE**

---

Net Weight / Peso Neto: 2.25 lb (1.02 kg)

**Feeds 6-8 Weeks • Covers Up to 250 Square Feet**

Se alimenta de 6 a 8 semanas • Cubre hasta 250 pies cuadrados

Not For Use in Organic Crop and Organic Food Production.

## UNDERSTANDING NPK NUMBERS

NPK Numbers indicate the guaranteed percentage, by weight, of three common nutrients found in fertilizers. Individual plant needs vary so higher NPK numbers aren't always better. The "Triple Play" of 8% Nitrogen, 8% Phosphorus, and 8% Potassium in this plant food is designed to provide the nutrients needed for vibrant, bountiful tomatoes, vegetables, fruits, herbs, trees and shrubs.

8 **NITROGEN (N)** promotes vigorous growth, and gives leaves and plants richer, deeper colors.

8 **PHOSPHORUS (P)** is essential for initiation of reproductive processes and optimization of crop yield.

8 **POTASSIUM (K)** promotes root growth and helps plants withstand temperature stresses and drought.

## TOMATO & VEGETABLE PLANT FOOD

This **premium granular fertilizer** is formulated for growing tomatoes, vegetables, fruits, berries and herbs. Suitable for indoor and outdoor use, the **nutrient rich 8-8-8 Triple Play formula** is derived from **ingredients you'll recognize**, like Soybean and Bone Meal, rather than manure or synthetic chemicals. It works with the soil ecosystem to promote a **bountiful harvest**.

**NPK 8-8-8**

### DIRECTIONS FOR USE

Mix gently, evenly and well into the soil. Water after application. Do not let fertilizer gather in piles, or sit on leaves.

**For Potted Plants:** When planting, mix fertilizer into the soil used to fill the pot. For subsequent feedings, and for established plants, mix well into the top layers of soil.

**For Planting Beds:** When planting mix fertilizer, to a depth of 5-8 inches, into the excavated soil. For subsequent feedings, and for established plants, mix well into the top layers of soil.

**For Trees & Shrubs:** When planting, mix into the soil used to fill the hole. For subsequent feedings, and for established plants, mix into the soil under, and slightly beyond, the total branch spread.

**INSTRUCCIONES DE USO:** Mezcle suavemente, de manera uniforme y bien en el suelo. Agua después de la aplicación. No dejes que se acumulen en pilas, ni te sientes en las hojas. Plantas en macetas: mezclar en el suelo utilizado para llenar la maceta. Para plantas establecidas, mezclar en las capas superiores del suelo. Camas de plantación: Mezcle, a una profundidad de 5-8 pulgadas, en el suelo excavado. Para plantas establecidas, mezclar en las capas superiores del suelo. Árboles y arbustos: Mezclar en el suelo utilizado para llenar el agujero. Para plantas establecidas, mezcle en el suelo debajo y un poco más allá de la extensión total de la rama.

### TYPICAL APPLICATION RATES

This bag of Plant Food will cover up to 250 square feet and feed for 6-8 weeks. Typical application rates are listed below:

#### For Potted Plants

Mix fertilizer into the soil at a rate of 1.5 tablespoons per 12 inches of pot diameter

#### For Planting Beds

Mix fertilizer into the soil at a rate of 2/3 cup per 25 square feet

#### For Trees & Shrubs

Mix fertilizer into the soil at a rate of 1/4 cup into every 6 square feet

**TARIFAS DE APPLICACIÓN:** Esta bolsa de alimento vegetal cubrirá hasta 250 pies cuadrados y se alimentará durante 6-8 semanas. Las tasas de aplicación típicas se enumeran a continuación: Para plantas en macetas Mezcle el fertilizante en el suelo a razón de 1.5 cucharadas por cada 12 pulgadas de diámetro de la maceta. Para camas de siembra Mezcle fertilizante en el suelo a razón de 2/3 de taza por cada 25 pies cuadrados. Para árboles y arbustos Mezcle fertilizante en el suelo a razón de 1/4 de taza en cada 6 pies cuadrados.

**FEED REGULARLY** to provide your tomatoes and vegetables the nutrients needed to bloom, grow and flourish. **Feed when planting, or in the early spring**, before growth begins. **Continue to feed every 6-8 weeks** through the growing season to ensure your plants have the energy to thrive. For trees and shrubs a **feed in the early autumn** restores nutrients lost during harsh summer months; and a **final feed in late fall**, around the time the last leaves fall, builds strong, deep roots, for winter.

**BE WATER SMART:** Well fed tomatoes and vegetables, with vigorous root systems, are more efficient at absorbing water and nutrients. **Always water well after fertilizing.** Be careful not to water too much (and drown the roots) or too little (and dry them out).

### GUARANTEED ANALYSIS

Total Nitrogen (N) ..... 8.00%  
5% Water Soluble Nitrogen  
3% Water Insoluble Nitrogen\*  
Available Phosphate ( $P_2O_5$ ) ..... 8.00%  
Soluble Potash ( $K_2O$ ) ..... 8.00%

**DERIVED FROM:** Soybean Meal, Feather Meal, Dicalcium Phosphate, Blood Meal, Corn Gluten Meal, and Potassium Chloride.

\*3.00% Slowly Available Nitrogen from Soybean Meal, Feather Meal and Corn Gluten Meal.

**INFORMATION:** Information about the components of this lot of fertilizer may be obtained by writing to the manufacturer and providing the lot number found on the back of this package. Information regarding the contents and levels of metals in this product is available on the internet at <https://aapco.org/metals.html>

### PRECAUTIONARY STATEMENTS CONSEJOS DE PRUDENCIA

**CAUTION: KEEP OUT OF REACH OF CHILDREN**

**PRECAUCIÓN: MANTENER FUERA DEL ALCANCE DE LOS NIÑOS**

**FOR USE AS A FERTILIZER PRODUCT ONLY.**

**PARA USO SOLO COMO PRODUCTO DE FERTILIZANTE**

**STORAGE AND DISPOSAL:** Store package in a dry, safe place, out of reach of children and animals. Keep bag tightly closed, away from moisture and light. Dispose of contents and packaging in accordance with municipal regulations. **ALMACENAMIENTO Y ELIMINACIÓN:** Guarde el paquete en un lugar seco y seguro, fuera del alcance de niños y animales. Mantenga la bolsa bien cerrada, lejos de la humedad y la luz. Elimine el contenido y el embalaje de acuerdo con la normativa municipal.

**FIRST AID: AFTER INHALATION:** Supply fresh air; consult doctor in case of complaints. **AFTER SKIN CONTACT:** If skin irritation occurs, consult a doctor. **AFTER EYE CONTACT:** Rinse opened eye for at least 15 minutes under running water. If symptoms persist, consult a doctor. **AFTER SWALLOWING:** If swallowed and symptoms occur, consult a doctor. **PRIMEROS AUXILIOS:** DESPUÉS DE LA INHALACIÓN: Suministrar aire fresco; Consultar al médico en caso de quejas. DESPUÉS DEL CONTACTO CON LA PIEL: Si se produce irritación de la piel, consulte a un médico. DESPUÉS DEL CONTACTO CON LOS OJOS: Enjuague los ojos abiertos durante al menos 15 minutos con agua corriente. Si los síntomas persisten, consulte a un médico. DESPUÉS DE TRAGAR: si se ingiere y los síntomas aparecen, consulte a un médico. POP20220318
